In accordance with Aquatic Pesticide Permit # 7-AI13-18 as renewed by the NYS Department of Environmental Conservation (NYSDEC) beginning on or after **June 17, 2020**, the City of Oneida intends to apply a Mosquito Adulticide by a truck mounted ultra-low volume sprayer (ULV) to City streets and access roads for the purpose of controlling adult mosquitoes. Kontrol 30-30 (EPA Reg. No. 73748-5) will be used at an application rate of 0.36 ounce per acre. The active ingredient is 30% Permethrin and 30% Piperonyl Bytoxide. The US Environmental Protection Agency toxicity category is "Caution". The application will take place between **June 17, 2020 - September 30, 2020**. The target pest is adult mosquitos. The mosquito adulticide spraying will be conducted on Wednesday evenings only, with exceptions to the parks which will be on Monday, Wednesday, and Thursday evenings. A database, as well as map of the locations of streets and parks are on file at the Office of the City Engineer, 109 N. Main Street, Oneida, NY 13421 and are available for viewing during normal business hours, 8:00 AM to 4:00 PM, Monday thru Friday. Inquiries concerning symptoms of pesticide poisoning should be directed to the Regional Poison Control Center, telephone number 1-800-476-4766. General information regarding this permit can be obtained from Donald J. Nelson, Pesticide Control Specialist 2, NYSDEC Region 7, telephone # 607-753-3095, the Regional Poison Control Center, telephone number 1-800-476-4766, or the National Pesticide Telecommunications Network at telephone number 1-800-858-7378. City of Oneida's Certified Pesticide Applicator, Robert Haldenwang, will answer specific questions regarding the proposed pesticide application, to obtain a copy of the pesticide label, or a list of streets that fall in the spray area, can be contacted during normal business hours, 8:00 AM to 3:30PM at telephone number 315-363-1690, alternate, 315-363-7222 Monday thru Friday. Inquiries concerning symptoms of pesticide poisoning related to Kontrol 30-30 should be made to the Regional Poison Control Center, telephone number 1-800-476-4766.
