LEGAL NOTICE

Beginning on or after **July 27th 2020**, the City of Oneida intends to apply a Weed Control chemical by a ultra-low volume hand-held pump-up sprayer to City sidewalks for the purpose of controlling weeds through the downtown area. GlyStar Plus (EPA Reg. No. 42750-61) will be used for this application. The active ingredient is 41% Glyphosate. The US Environmental Protection Agency toxicity category is "Caution". The application will take place between **July 27, 2020 – August 28, 2020**. The spraying will be conducted during early morning hours on dry-weather weekdays. A database of target treatment locations are on file at the Office of the City Engineer, 109 N. Main Street, Oneida, NY 13421 and are available for viewing during normal business hours, 8:00 AM to 4:00 PM, Monday thru Friday. City of Oneida's Certified Pesticide Applicator, Robert Haldenwang, will answer specific questions regarding the proposed weed control application, to obtain a copy of the weed control label, or a list of streets that fall in the spray area, can be contacted during normal business hours, 8:00 AM to 3:30PM at telephone number 315-363-1690, alternate, 315-363-7222 Monday thru Friday.
