

## BUYOUT UPDATE - APPRAISALS

The appraisal company has been hired by the City to complete the retrospective appraisals on the properties affected by the 2013 flood event and participating in the Buyout Program. Beginning on Monday, April 18, 2016 representatives from Donato Real Estate Appraisal & Consulting will start calling property owners to set up appointments for the approximately 150 appraisals to be completed. This process, per FEMA regulations, must be completed within 120 days. Your patience and cooperation will be much appreciated. Please do not call the appraisal company, unless you have received a phone message from them first. If you have any questions, please call City Hall at 363-4800. Thank you!
