Where Old Meets New

Oneida is proud of its history. There are blocks of houses listed as a National Historic District.

Oneida is home of the Oneida Mansion House, another structure listed on the National Register of Historic Places. It was once the home of a 19th Century Utopian society, led by John Noyes and founder of Oneida Limited Silversmiths.

The Old Erie Canal, instrumental in the settling of our great country, runs through the northern part of the city. The Madison County Historical Society calls Oneida home, as well as the Oneida Indian Nation’s Shako:wi Cultural Center.
