Subject: Annual Report for 2015

I wish to submit this Annual Report of the activities of the Oneida Fire Department for the year 2015. Last year was an extremely productive year for the fire department. We have made many advancements and streamlined procedures in an effort to continue our long history of providing the highest level of public service to our community. We protect lives and property through fire suppression, emergency medical services, disaster management, fire prevention, and public education.

Community Service Excellence is the goal of the City of Oneida Fire Department. Accomplishing this goal requires leadership, commitment, planning, practice and creativity, smart application, networking and continual refinement. Our public safety experience, insight and expectations help us identify how we can expand, grow and improve in order to provide our citizens the prompt, professional, courteous service they have come to rely upon.

2015 was the final year of the City's Municipal Alarm System. The Gamewell Alarm System has been a fixture in Oneida since the late 1800's. This system consisted of the many red "pull" box's that adorned corner street poles throughout the City as well as having been installed in numerous commercial buildings. These boxes were directly wired to the fire department through miles of City owned alarm wire.

The largest consideration for its removal was the extreme liability to the City. We were constantly repairing and patching the system together in order to keep it operational. This entire system was in need of substantial upgrading / replacement. This upgrading would have required a significant monetary investment from the City as well as the business owners that utilized it. After talking with other communities that had also utilized this type of system and have since removed theirs, it was our recommendation that we remove the system and require business's to contract with private companies for fire alarm monitoring.

Businesses were given until December 31, 2015 to be off of the City's system. This conversion could not have went smoother. All businesses have switched over to private monitoring companies. Our system has been turned off. As soon as the weather breaks, our alarm crew will begin the task of removing the miles of copper alarm wire and fasteners from the street poles. This wire will be scrapped and sold, with the monies returning to the City's coffers.

We completed writing specifications for the replacement of our 1994 Pumper / Squirt. While working closely with the City Comptroller and Attorney we were able to purchase this truck through a National Co-Op system, much like State Bid, allowing for significant dollar savings as well as substantially reduced man hours required in developing and writing specifications for a fire truck. The truck is currently in production with an anticipated delivery date to the City of May 2016. We are finding it difficult to sell the truck that is being replaced. It has been listed for sale country wide for over six months now with several price reductions and still have received no bids. It is currently listed for \$21,900.00.

The new Rescue Truck is nearing completion and we expect delivery sometime in February. The new Extrication Equipment is in and we are just waiting for the new Rescue to arrive to place them in service. Our former Rescue Truck responded to not only EMS calls, but also to motor vehicle accidents and other types of calls, as it carried our extrication equipment (Jaws of Life). A fire engine would also respond. In an effort to streamline our response, the new Rescue Truck is smaller than the last one and will only respond to EMS calls. When the new pumper / squirt arrives in May, we will be converting one of our existing pumpers into a Rescue / Pumper. This vehicle will respond to motor vehicle accidents on its own, will be utilized as our back-up Rescue and serve as our back up pumper. Our new extrication equipment will be installed on this Rescue /

Pumper. This will reduce our apparatus response to many calls from two (2) vehicles down to one (1). We were fortunate to have been able to sell our old Rescue Truck to the Oran Fire Department in Oran Iowa for \$ 25,000.00.

Also, as most of you are aware, in the 2<sup>nd</sup> quarter of 2015, the fire department was recognized by Midstate EMS and received the Excellence in Quality and Safety award. I am most proud of this award as it demonstrates where we have brought our EMS program in such a short period of time. By putting the right people in the right positions and letting them do what they are trained to do has resulted in a significant transformation, not only with the service we provide to City residents, but they have completely reinvigorated our in house EMS training and recertification programs. We have also been able to increase the number of our advanced care providers at minimal cost to my budget. We are now generating income recertifying in house rather than expending funds for recertification with outside agencies.

We have recently taken delivery of the departments new SCBA's, (air packs). The fire department was successful in applying for and being awarded a FEMA Assistance to Firefighters Grant in the amount of \$152,858.00. By obtaining this grant, we were able to save the City and taxpayers a substantial amount of money for this overdue replacement. We have recently put all of our old SCBA's up for sale. To date, the highest purchase offer returned was for \$8,274.00. That amount coupled with the grant monies totals \$ 161,132.00. The total cost of the SCBA replacement project was \$ 178,600.00. We were able to replace all of our outdated SCBA's, the most important piece of equipment a firefighter uses, for a total cost to the City of \$ 17,468.00!

We were also successful in obtaining a New York State DEC Grant. This Grant allowed us to replace our 20+ year old chainsaws. Thanks to the assistance of Lowes, by selling us the chainsaws and safety equipment at their cost, enabled us to purchase additional saws and equipment, more than we originally had grant money for. Also purchased with this Grant was a new high pressure portable pump. This pump is carried in our utility truck along with a 200 gallon water tank, allowing us off road capability for brush and grass fires that are a significant distance from the roadway.

We have purchased all of the preemptive traffic control equipment for the entire stretch of Lenox Ave that we budgeted for. We were able to get the State to install these devices as they are doing the reconstruction project, saving us over \$ 15,000.00 in installation costs. We were also able to secure over \$ 20,000.00 from Assemblyman

Magee's office to install preemptive devices on the remainder of the traffic lights in the City.

Every firefighter successfully completed their annual 100 hrs. of in service fire training required by the State. In addition to their mandated firefighter training, all of our firefighters also met their required hours of State training for EMT's as well as the fire inspectors completing their yearly required codes training. Eight (8) of our Officers successfully completed "Critical Decision Making in a Crisis" training at the New York State Preparedness Training Center in Oriskany.

Six (6) of our firefighters completed "Active Shooter" training, also at the NYS Preparedness Training Center. I am hopeful I can get at least 6 more enrolled this year. This course teaches our firefighter's lifesaving rescue operations and techniques in order to be prepared for an active shooter in one of our schools, shopping centers, etc. I have received excellent feedback from our firefighters that have attended. I encourage all of you to go to the following link ([www.dhes.ny.gov/sptc/](http://www.dhes.ny.gov/sptc/)) and watch the short video on this training. This video was filmed at the training center and actually includes some of our members going through the training.

Two (2) of our lead fire investigators attended "Incident Response to Terrorist Bombings" training as well as "Prevention of and Response to Suicide Bombing Incidents" training in New Mexico. These training courses were completely funded through FEMA, with our only obligation being the time off to attend. While we all hope that these kind of incidents will not happen in Oneida, as Fire Chief, I feel we need to be as prepared as best possible for not "if" but "when" one of these incidents may happen here.

While public safety is the largest expenditure of the City budget, the fire department is continually looking at various options to help us operate in the most efficient way possible. By exploring federal grants, working with vendors and suppliers and approaching our local State representatives for help in 2015, we were able to reduce tax supported costs and expenses by over \$ 214,000.00 in our department alone. We will continue to explore ways to reduce costs for city taxpayers.

Already in 2016 we have submitted for another FEMA Assistance to Firefighters Grant for over \$ 54,000.00. This grant will allow us to replace older outdated EMS equipment. We have met with Senator Valesky looking for any assistance possible for replacement of our turnout gear. Turnout gear has a life span of 10 years before it must be

taken out of service per NFPA guidelines. In 2018, some of our gear will begin to expire and will continue into 2019. The cost for replacing all of the gear is around \$ 70,000.00.

Also on the horizon for the City, our 100' Aerial / Tower Ladder will turn 20 years old in 2018. It is going to be my recommendation that we invest some monies into this vehicle in order to drastically extend its life before it starts to cost us more money and down time to keep it in operating condition. Estimates to replace this truck are upwards of 1.4 million dollars today. I am currently in talks with the original manufacturer to get an estimate to refurbish this vehicle. I feel that the City should invest a few hundred thousand to refurbish this truck. I believe it will be money well spent to get another 15+ years' service out of this truck rather than replacing it. We should have a year or two before beginning this project, however I wanted to advise you of this upcoming project now. I did not want to spring such a large expenditure on you at the last minute.

I am extremely pleased with the turn around and advancements the Fire Department has made in the past couple of years. No one person changed things, it truly has been a "team" effort, and continues that way today. There has been a complete change in attitude and morale that has really propelled us forward in recent years. It is refreshing to witness my firefighters working together, as one, for the betterment of the fire department and in turn the residents of Oneida. Today, the Oneida Fire Department is better trained, better prepared, and is providing better service and assistance to everyone that calls the Oneida Fire Department in their time of need.

Respectfully Submitted,

## Fire Department Responsibilities

These responsibilities are only a part of the overall duties of the Oneida Fire Department that are performed on a regular, if not daily, basis. These are all done by members of the Fire Department in a quick, skillful, compassionate, resourceful and professional manner.

- 1. House Duties**
  - A. Building Maintenance
  - B. After hours answering service for the water department
- 2. Apparatus Checks**
  - A. Small equipment inspections
  - B. Equipment maintenance
- 3. Fire Prevention**
  - A. Fire prevention at area schools
  - B. Preschool tours
  - C. Scout tours
  - D. Fire extinguisher demonstrations
  - E. Mock DWI
  - F. Community relations
  - G. Knox box
  - H. Junior High Fire Program
- 4. Fire Suppression**
  - A. Pre-fire planning
  - B. Identifying high risk hazards
  - C. Fire hydrants and fire flows
  - D. Facility tours
  - E. Mutual Aid to neighboring communities
  - F. Natural disasters
  - G. Overhead wires that have fallen
  - H. Fire Watch
  - I. Accountability
  - J. Management of fire protective systems
  - K. Hazardous materials
  - L. Cellar pumping
- 5. Emergency Medical Service**
  - A. Rescue Calls
    1. Motor vehicle accidents – (injuries and extrication)
    2. Elevator rescue
    3. Equipment entanglement
    4. Lock outs

5. Assist local funeral homes with body removal
6. Lifeline calls for assistance
7. Mass casualty incidents
8. Assist Ambulance with transport to hospital for critical patients
- B. In-service training to maintain current certifications
- 6. Fire extinguisher inspections for City Departments**
- 7. Fire Investigations**
  - A. Photography
  - B. Interviews
  - C. Utilizing outside resources
    1. NYS Investigators
    2. Insurance industry
    3. Police agencies
  - D. Depositions
  - E. Trials
- 8. Code Enforcement**
  - A. Fire Code
    1. Existing commercial structures
    2. Existing public assembly structures
    3. Plan review of new commercial/public assembly structures or alterations to existing structures
  - B. Property Maintenance Code – ( moving in 2016 to “Codes Department”)
    1. Rental housing inspections
    2. Lawn complaints
    3. Rental and owner occupied housing complaints
  - C. Tent inspections and permits
  - D. Fireworks inspections and permits
  - E. Alarm permits
  - F. Solid fuel burning inspections and permits
  - G. Billing for all fire related permits and inspections
  - H. 9-1-1 addressing
- 9. Training**
  - A. Administer 100 hours mandated in-service training for firefighters
  - B. Provide NIMS training for all current City employees
  - C. Provide CPR training for all City employees
  - D. Administer required mandated training for State Certification
- 10. Mechanics / Maintenance**
  - A. Conducts preventive maintenance on all fire department vehicles
  - B. Repairs damaged equipment, apparatus, etc
- 11. SCBA Maintenance**
  - A. Provides in-house service and maintenance of breathing equipment
  - B. Maintains firefighters gear for entire department
- 12. Disaster Management**
  - A. Central location for emergency operation center
  - B. NIMS for all agencies
  - C. Lead Agency during disasters, floods, storms, major incidents

There are other overtime expenses incurred throughout the year that adds to the total spent from that line. Duties such as testifying in court, motor vehicle accident callback, meth lab on scene standby, gas leaks, assisting ambulance with personnel during transport to hospitals for critical patients, emergency equipment / apparatus repair, providing EMT's for the annual veterans trip to Washington, the mock DWI high school presentation, etc. Looking at the YTD actual expended amount from the overtime line in the comptrollers report actually does not portray the true amount expended in overtime. While the report shows that we expended \$100,299.76 in overtime in 2015, it fails to show that we took in approximately \$ 7,586.00 in reimbursement from PERMA due to an on the job injury, which reduces the actual cost to the City in overtime to \$ 92,713.76, \$32,287.00 less than what was budgeted for.

### Major Fires

Date	Incident #	Occupant/Owner	Property Use	Address	Civilian Deaths	Property Loss
01/17/2015	011002	Jermemy Caranahan	1 or 2 family dwelling	503 Seneca Street	0	\$90,000.00
08/15/2015	081022	Anthony Fringo	1 or 2 family dwelling	122 North Willow Street	0	\$51,500.00
11/06/2015	111033	Jessica Johnson	1 or 2 family dwelling	121 North Willow Street	0	\$50,000.00

BreakDown of Structure Fires and Other Fires and Incidents				
--	--	--	--	--

Property Type	Number of Fires	Civilian Deaths	Civilian Injuries	Property Loss
1. Private Dwellings (1 or 2 family), including mobile homes (FPU 419)	6	0	2	\$217,700.00
2. Apartments (3 or more families) (FPU 429)	5	0	0	\$1,950.00
3. Hotels and Motels (FPU 449)	0	0	0	\$0.00
4. All Other Residential (dormitories, boarding houses, tents, etc.) (FPU 400, 439, 459-499)	0	0	0	\$0.00
<b>5. TOTAL RESIDENTIAL FIRES (Sum of lines 1 through 4)</b>	<b>11</b>	<b>0</b>	<b>2</b>	<b>\$219,650.00</b>
6. Public Assembly (church, restaurant, clubs, etc.) (FPU 100-199)	1	0	0	\$0.00
7. Schools and Colleges (FPU 200-299)	0	0	0	\$0.00
8. Health Care and Penal Institutions (hospitals, nursing homes, prisons, etc.) (FPU 300-399)	0	0	0	\$0.00
9. Stores and Offices (FPU 500-599)	0	0	0	\$0.00
10. Industry, Utility, Defense, Laboratories, Manufacturing (FPU 600-799)	1	0	0	\$0.00
11. Storage in Structures (barns, vehicle storage garages, general storage, etc.) (FPU 800-899)	1	0	0	\$6,000.00
12. Other Structures (outbuildings, bridges, etc.) (FPU 900-999)	0	0	0	\$0.00
<b>13. TOTALS FOR STRUCTURE FIRES (Sum of lines 5 through 12)</b>	<b>14</b>	<b>0</b>	<b>2</b>	<b>\$225,650.00</b>
14a. Fires in Highway Vehicles (autos, trucks, buses, etc.) (IT 131-132, 136-137)	1	0	0	\$10,000.00
14b. Fires in Other Vehicles (planes, trains, ships, construction or farm vehicles, etc.) (IT 130, 133-135, 138)	0	0	0	\$0.00
15. Fires outside of Structures with Value Involved, but Not Vehicles (outside storage, crops, timber, etc.) (IT 140, 141, 161-162, 164, 170-173)	6	0	0	\$510.00
16. Fires in Brush, Grass, Wildland (excluding crops and timber), with no value involved. (IT 142-143)	2	0	0	\$100.00
17. Fires in Rubbish, Including Dumpsters (outside of structures), with no value involved. (IT 150-155)	16	0	0	\$20.00
18. All Other Fires. (IT 100, 160, 163)	2	0	0	\$200.00
<b>19. TOTALS FOR FIRES (Sum of lines 13 through 18)</b>	<b>41</b>	<b>0</b>	<b>2</b>	<b>\$236,480.00</b>
20. Rescue, Emergency Medical Responses (ambulance, EMS, rescue) (IT 300-381)	1505	0	0	\$0.00
21. False Alarm Responses (malicious or unintentional false calls, malfunctions, bomb scares) (IT 700-746)	200	0	0	\$0.00
22. Mutual Aid Responses Given	9	0	0	\$11,000.00
23a. Hazardous Materials Responses (spills, leaks, etc.) (IT 410-431)	17	0	0	\$0.00
23b. Other Hazardous Responses (arcing wires, bomb removal, power line down, etc.) (IT 440-482, 400)	45	0	0	\$0.00
24. All Other Responses (smoke scares, lock-outs, animal rescues, etc.) (IT 200-251, 500-699, 800-911)	289	0	0	\$100.00
<b>25. TOTAL FOR ALL INCIDENTS (Sum of lines 19 through 24)</b>	<b>2106</b>	<b>0</b>	<b>2</b>	<b>\$247,580.00</b>

**Residential/Structure Fire Breakdown by Confinement**

Property Type	Number of Confined Fires (IT113-118)	Number of Nonconfined Fires (IT110-112,120-123)
5. Residential Fires (line 5 above)	4	7
13. Structure Fires (line 13 above)	0	3

**Breakdown of False Alarm Responses**

Type of False Alarm	Number of Incidents
1. Malicious, Mischievous False Call (IT 710-715)	0
2. System Malfunction (IT 730-739)	29
3. Unintentional (tripping on interior device accidentally, etc.) (IT 740-749)	155
4. Other False Alarms (bomb scares, etc.) (IT 721, 700)	16

**Intentionally Set Fires in Structures and Vehicles**

Type of Fire	Number of Fires	Number of Civilian Deaths	Number of Civilian Injuries	Property Loss
1. Structure Fires Intentionally set (IT=110–129, and cause E1=1)	0	0	0	0
2. Vehicle Fires Intentionally set (IT=130–139, and cause E1=1)	0	0	0	0

**Fire Service Exposure and Injuries**

<b>Exposure/Injury Type</b>	<b>Exposure/Injury Count</b>
-----------------------------	------------------------------

Total number of firefighters that were exposed to infectious diseases (severity 1, cause 4, and object 25,51)	0
Total number of firefighters that were exposed to hazardous conditions (severity 1, cause 4, and object 41,52,53,56)	0
Total number of nonfatal firefighter injuries (not exposures) during all types of duty (severity 1 (not exposures[cause not 4]), and severity 2 thru 6)	3
On-Duty Fire Fighter Injuries (not exposures to infectious diseases)[(severity 1 (not exposures[cause not 4] with object 25,51), and severity 2 thru 6)] by Type of Duty, and Nature of Most Serious Injury	see table below

Nature of Most Serious Injury	Type of Duty				
	Responding to or Returning from Incidents	At the Fire Ground	At Non-Fire Emergencies	Training	Other On-Duty
1. Burns (PAS 12, 13, 14, 15)	0	3	0	0	0
2a. Smoke or Gas Inhalation (PAS 01, 02)	0	0	0	0	0
2b. Other Respiratory Distress (PAS 03, 44, 64, 65)	0	0	0	0	0
3. Burn and Smoke Inhalation (PAS 11)	0	0	0	0	0
4. Wound, Cut, Bleeding, Bruise (PAS 21-25, 35, 36, 72, 73)	0	1	0	0	0
5. Dislocation, Fracture (PAS 31, 32, 63)	0	0	0	0	0
6. Heart Attack or Stroke (PAS 41, 42, 43)	0	0	0	0	0
7. Strain, Sprain, Muscular Pain (PAS 33, 34, and 98)	0	0	0	0	0
8. Thermal Stress (frostbite, heat exhaustion) (PAS 57, 83-85)	0	0	0	0	0
9. Other (PAS All other codes)	0	0	0	0	0
<b>TOTAL</b>	<b>0</b>	<b>4</b>	<b>0</b>	<b>0</b>	<b>0</b>

**Fireground Injuries By Cause**

<b>Cause of Injury</b>	<b>Number of Fires</b>
1. Exposure to Fire Products (cause 4, object 47-49, 53, 64)	0
2. Exposure to Chemicals or Radiation (cause 4, object 52, 56)	0
3. Fall, jump, slip, trip (cause 1 to 3)	0
4. Overexertion, strain (cause 7)	0
5. Contact with object (cause 6)	0
6. Struck by (cause 5)	0
7. Extreme weather (cause 4, object 62)	0
8. Other	4

**Fire Department Vehicle Accidents**

<b>Accident Type</b>	<b>Resulting Fire Fighter Injuries</b>
Involving fire department vehicle (Activity 11-15)	0
Involving non-fire department vehicle (Activity 16,17)	0
Involving a vehicle, other (Activity 10)	0
