

Attention Buyout Participants: Just a reminder, if you paid for flood insurance on your property, you can submit copies of the receipt/s for the payments for up to five years for reimbursement at the closing. The years must be centered around the flood event date in June of 2013... any year before or after, up to five years. If you do not have the receipts, check with your insurance company and generally they can provide you with proof of payment. Give me a shout if you have any questions! 363-7378. Thanks!
